

# REYNOLDS JONES FOR PRESIDENT

## UNITED UNIVERSITY PROFESSIONS

### EMPIRE STATE COLLEGE CHAPTER

- A Union United With All Its Members

<http://www.reynoldsjones.com> ; <http://twitter.com/#!/reynoldsjones>

Dear Colleague,

I write to ask you for your vote in the upcoming election for president of UUP's Empire State College Chapter. You should be receiving your ballot within days.

I offer a vision for the union that values each member's input and continually connects with each of us. Our organization can be committed to all its members and build us up together through communication, shared strategy and member involvement. It can connect us with the statewide union, other chapters, and the labor movement as a whole.

The immediate, concrete promises that I will fulfill are to provide a dynamic website, routinely updated with information of value to our members; to ensure that the newsletter will return to a regular publication schedule with bimonthly electronic issues and an annual print compendium; and that there will be (within a month of my taking of office) a comprehensive plan to improve member access and involvement. I pledge to be regularly available and accessible to all of the membership and to look for ways that the Chapter can sponsor more member involvement and education. Lastly I will do what it takes to best represent and protect us all.

My background will allow me to accomplish these goals. I have extensive experience at Empire State (including governance); in the labor movement (including representing our Chapter as a delegate); and with other groups (such as serving on several non-profit boards). I have been a part of major political campaigns and organized key events for an international member group of over 29,000 members.

Please give me your support and vote in this year's election. Together we can become *A Union United with All Its Members!*

In solidarity,

*Reynolds Jones*
